NEW WESTMINSTER, WEDNESDAY, NOV. 12.

THE "CHRONICLE" AND OUR DELEGATE.

In a leading article in his issue of the 6th inst., our contemporary gets off the following:

"In reference to those questions upon which the people of this Colony are most deeply interested, viz: the maintenance of our free port, and the desirability of a union of the two Colonies under one government, he (Mr. Cameron) is perfectly sound, and will, no doubt, should these questions arise during his interview with the Colonial Secretary, give expression to his views thereupon as candidly and as honestly as he did both here and at New Westminster."

Now while we admit the soundness of Mr. Cameron's views upon the question of the union of these Colonies, we need hardly inform our readers that these views are just the very opposite of what our contemporary would make them out to be. Mr. Cameron openly and repeatedly gave expression to his conviction that the free port system of the Island Colony was not only their true policy but our real interest; an opinion which may or may not be correct. That is, however, a question which belongs to our neighbors, and is no concern of ours. They have an unquestionable right to adopt a free port or a tariff, as may seem best to them; and while we have a right to differ in opinion, it is not for us to say yes or no. But as regards the other point—a point which does concern us; in which we have a say; and in reference to which we have, as a Colony, repeatedly and most emphatically said, *it shall not be*—we can hardly conceive it possible that Mr. Cameron freely and frequently gave it as his decided opinion that these Colonies not only ought not to be united under one government, but that the very free port system of which he approved rendered such union impracticable. Indeed we do not hesitate to assert that had his views been otherwise upon this vital point he could never have represented British Columbia in Downing street. We are happy, however, to be able to assure our readers, as well as the strangely benighted editor of the *Chronicle*, not only of Mr. Cameron's soundness upon this question of union, but that the very head and front of his instructions are a demand for a separate and distinct Government for British Columbia, and a most emphatic protest against a union with Vancouver Island.

But, furthermore, our contemporary is palpably inconsistent, and ludicrously contradictory, in the article under consideration. From the paragraph immediately preceding the above extract we clip the following:

"Of course we are not aware of the precise nature of his instructions, or the line of policy chalked out for him by those who have interested themselves most in engaging his services; but doubtless he is well fortified with arguments to impress upon the Colonial Secretary the urgent necessity which exists for the establishment of a system of representative Government in the sister Colony, with a local or resident Governor, entirely separate and distinct from any connection whatever with the Colony of Vancouver Island."

What in the name of consistency can this mean? Surely the writer of that article must either be possessed of an extraordinarily treacherous memory, or else he must have undertaken to play a double game with a vengeance. Without pretending to understand the motive by which our contemporary was actuated in throwing out the assertions contained in the first extract, which we can hardly be charitable enough to impute to his ignorance, we cannot help thinking that the *magnanimous* sentiment expressed in his concluding sentence is in exceeding bad taste, even were it based on fact, instead of base fabrication. He says, "All that we care to know is that he (Mr. Cameron) possesses both the will and ability to serve us, while our up-country friends generously foot the bill."

As regards the allusion to the Vancouver delegate, with whom of course we have nothing to do—we cannot help expressing our surprise that both the Island journals should start the hackneyed "hole and corner" cry, in order to account for Mr. McClure's going to England as the delegate for Vancouver Island. One is forced to one of two conclusions in reference to this matter: either these journals do not represent public sentiment at all, or else the party opposed to Mr. McClure's appointment must be a very sleepy party. The thing was not done in a corner. Every one, not only in Victoria and the adjacent country, but in this city, was perfectly aware of what was going on; and yet at a meeting publicly called and numerously attended that gentleman was unanimously appointed. How do you account for that, Messrs. *Colonist* and *Chronicle*?

Not a single voice raised in opposition—even your illustrious Attorney General being a content. There is certainly something marvellously inexplicable in all this if the prattle of these journals has any truth in it.

The superiority of the accommodation and entertainment on board the Royal Mail Steamers, together with the time occupied on the passage between England and Australia DIRECT being so much shorter than by any other route, and the moderate rate of passage money, render this Company's steamers the CHEAPEST AND MOST EXPEDIENT MEANS OF TRANSPORTING passengers or for the forwarding of Goods and Treasure from Australia to Europe.

NEW WESTMINSTER, WEDNESDAY, NOV. 12.

IMPRISONMENT FOR DEBT.

This relic of the dark ages is bad enough under any circumstances; but it is frightfully aggravated when such a Jail as we have here happens to be the place of incarceration. We have so often described the character and horrors of that institution—the only redeeming features of which are most invaluable. Warden, who, with his estimable lady, have done all that human ingenuity and kindly sympathy could accomplish in order to soften the rigors and soothe the agonies of incarceration therein—that we need not now dwell upon that feature of the case. The cells are, as doubtless most of our readers will remember, exceedingly small—5 x 7 feet, we think—and ill ventilated; and, in their character and appointments, unfit for the worst of criminals, unless, indeed, it might be desirable to kill by degrees their occupants, in which case they would be found admirably adapted to the purpose. Two of these cells now contain four of our traders, two in each, who are locked up at 5 o'clock, P.M., where they remain till 10 o'clock, A.M., seventeen hours out of the twenty-four, confined in these small, damp, close rat-holes! Of these four there are three against whose moral character there has not been a breath. They are gentlemen who have simply been unfortunate in business, and, indeed, two of them are extensive and honorable traders, who are, at all events were at the occurrence of the difficulty, perfectly solvent, but who through a mere capricious law quirk have been arrested and thrown into this terrible place. It is a disgrace that in a British Colony at this enlightened age it should be in the power of any man to imprison one or more of his fellow creatures, because they may be unfortunate enough to fail in business; and we hope soon to see this remnant of barbarism erased from our statute books. But what is to be done to meet the present painful emergency? Are these gentlemen to whom we have alluded to be kept shut up in those cages of death—for such they will surely prove to them, should they be long detained there—and their health if not their lives sacrificed? Are British subjects—for two of these at least are such—in a British Colony to be thrown into misty dungeons at the risk of health and life merely because they are honest bankrupts? We respectfully but earnestly draw the attention of the Executive to this matter; and if for a time this barbarous law must continue to disgrace the country, let at least some provision be made by which such cases will have some sort of reasonable accommodation.

COPY OF PETITION TO BE PRESENTED TO HER MAJESTY QUEEN VICTORIA BY THE DELEGATE FOR BRITISH COLUMBIA, THE HONORABLE MALCOLM CAMERON, MEMBER OF THE LEGISLATIVE COUNCIL OF CANADA.

To the Queen's most Excellent Majesty:

Most GRACIOUS SOVEREIGN.—We, your Majesty's loyal and devoted subjects, inhabitants of British Columbia, most respectfully beg leave to approach your Royal Person, with feelings of profound respect and sympathy, for that bereavement with which it has pleased Almighty God to try Your Majesty, and through which, by His mercy and loving kindness you have been so nobly borne; that your devoted subjects can approach your Majesty on the subject of their minor and comparatively insignificant griefs.

Your Majesty's petitioners did on the 26th May, 1860, address a respectful petition to His Grace the Duke of Newcastle, K. G., &c., &c. And again on the 20th February, 1861. And again on the 11th September, 1861. And lastly on the 17th July, 1862, a petition was addressed to Your Majesty in Council, and to the Right Honorable the Lord Chancellor, and to the Honorable the Speaker of the House of Commons; and your petitioners regret to say, that to this day they are not only without any remedy to their grievances—any amelioration of the system of Government of which they complained, but without any acknowledgment whatever of their said petitions. Not only do they feel that they have been treated discourteously, but that, having so strongly stated their objections to the anti-British practice of making Laws, enforcing tariffs, and raising taxes by Proclamation, the peace of Your Majesty's dominions on this side of the Continent was thereby endangered, and at all events the prosperity and success of Your Majesty's subjects was thereby retarded. And while no misconduct of Ministers, or arbitrary treatment by officials, could ever lessen their respect for your Majesty's person and Government, their very loyalty to the principles which placed Your Majesty's ancestors on the throne, forbade their calm submission to a state of things so anomalous as that now existing in British Columbia.

Wherefore as a last resource, we have selected a gentleman from a neighboring Colony, of experience and sagacity, who has been 26 years in the Canadian Legislature, and has filled the offices of President of the Executive Council, Min-

ister of Agriculture, Commissioner of Public Works, and Post Master General, as our Delegate to proceed to England, and lay this our last prayer at the foot of the throne. And we have supplied him with documents, facts, and information of every kind, to support and substantiate our position, and to demand for us representative institutions, and a resident Governor of experience and ability, who shall be capable of carrying out the principles of free Government, and instituting liberal institutions—opening up our lands to actual settlers, and preventing jobbery and corruption, and who shall administer the Government that settlers from any other land who may come amongst us, may see nothing in the policy or Government of our neighbors south of the 49th parallel to excite their envy, or feel anything that may create disgust or dissatisfaction at their having settled in a British Colony.

Your petitioners again beg to assure Your Majesty, that nowhere in your vast dominions are there men more true to the principles of the British Constitution—more devoted to Your Majesty's person and family—and it is this devotion to Your Majesty, stern love to their fatherland, and their desire never to see one foot of what is now British America alienated from England, that they implore Your Majesty to grant to them the "image and transcript" of that glorious constitution, which time has only suited, tempered, and adapted to the present exigency of the highest and most enlightened minds of the world.

And your petitioners as in duty bound will ever pray.

To BUSINESS MEN!—Advertise in the "British Columbian."

NEW WESTMINSTER, WEDNESDAY, NOV. 13.

THE PAST CELEBRATION.

We very much doubt whether, in proportion to our numbers, any community upon which the sun shines was ever more unanimous and whole-souled in the observance of a national holiday than this community upon Monday last. Not only was all business suspended for the nonce, but every man seemed to vie with his neighbor in taking an active part in the proceedings of the day. The programme, which we published on Saturday, was carried out most successfully. The day was ushered in by the firing of guns and the ringing of bells. We must now take a hasty glance at the city in her holiday garb. The arches, and decorations which on Saturday night were unfinished, had as if by some mysterious agency attained a state of perfection for which we were scarcely prepared. Let no one suspect Sabbath desecration in this connection. But work commenced as soon as the Sabbath was over, and was pursued with a vigor that produced wonders ere the sun rose upon the scene of gay festivities. Where the decorations were so numerous and complete it would be almost invidious to mention any particular cases. We cannot, however, resist the temptation to name some of those establishments which distanced all others in taste and extent of embellishment and display; and as we cannot possibly particularize we shall simply make the order indicate relative merit: Mr. Philip Hick's large building, including the Masonic Hall and Mr. Ramage's jewelry shop; the Hyack Engine House; the Commercial Establishment of Mr. J. A. Webster; Mr. Clarkson's buildings, including the Stores of Messrs. Smith & Murray, and Mr. S. T. Tilley; Mr. Richard's "Blizzard" and the Treasury and Assay buildings, and Mr. J. T. Scott's Billiard Saloon. There are others entitled to special mention, but their limited room admonishes us to be brief. There was one object which it would be altogether unparliamentary to pass in silence. The square arch erected on Lytton Square under the able supervision of Mr. Ramage, by Canadians, was a piece of work which would not lose in comparison with similar structures in our "fatherland." At noon, the time appointed for the general gathering at Lytton Square, Colonel Moody and staff rode into town in full dress, and joined with the citizens. At twelve the guns again thundered forth the bells the while merrily pealing. After the salute over the Royal Engineers sent up a large balloon which excited much interest, and, amongst the aborigines, wonder and awe. Three hearty cheers were given for the Queen and three for the Prince of Wales, after which the national anthem was sung by all the people. H. H. Holbrook, Esq., President of the Municipal Council and Chairman of the Managing Committee, then stepped out on the balcony of the "Hyack Hall" and read the following address from the Municipal Council to His Royal Highness THE PRINCE OF WALES, &c., &c.

SIR,—The Municipal Council of New Westminster, British Columbia, in Council assembled, most respectfully desire to congratulate you on this your natal day, and to express their fervent loyalty and devotion to Your Royal Highness, in which feeling they, as their only representative body in the Colony, reflect the sentiments of every class in British Columbia.

The virtues of your illustrious parent, our Gracious Queen, have so endeared the hearts of her people, so entwined their affections with a home feeling of love and reverence, that we can best express our loyal affection by saying, that her sorrows are our sorrows, and in her happiness we can rejoice with unspeakable joy. It is in the gratification of those feelings of sympathy and loyal affection that we to rejoice in Your Royal Highness having attained that age to enable you to become an affectionate councillor and supporter to Her Gracious Majesty in the duties of her exalted station.

We feel proud that this Colony, as well as the city in which we reside, should be distinguished by the baptismal name graciously bestowed upon them by our Most Excellent Queen, and we confidently hope that the happy thought of Her Majesty will be a favorable omen of rapid prosperity; and that Your Royal Highness may witness, before many years, the infant Colony of British Columbia, through the industry and enterprise of its pioneer settlers, become one of the brightest jewels in the British Crown.

I have the honor to be, Sir, On behalf of the Municipal Council, Your Royal Highness' most obedient servant, (signed) HENRY HOLBROOK, President.

He then read the following address, prepared by the Committee, which was submitted to the people and unanimously adopted:

To His Royal Highness THE PRINCE OF WALES, SIR:—

On behalf and in the name of the loyal Colonists of British Columbia, who have chosen us to represent them on the present auspicious occasion. We hereby congratulate Your Royal Highness upon attaining your majority.

We embrace the present opportunity of assuring Your Royal Highness of our unwavering loyalty and devoted attachment to the person and Government of the royal lady, who is at once your august mother and our beloved Queen, under whose benign sceptre we esteem it equally our privilege and pride to dwell, conscious that our temporal welfare can be no where more secure, and our material interests no where better protected.

We have observed with pleasure the comprehensive system of travel which it has pleased Your Royal Highness to pursue of late years, a system which cannot fail to expand the views and mature the intellect of all who possess its advantages; and we are encouraged to hope that at a day not far distant Your Royal Highness may visit this portion of the British Empire, the vast and varied resources of which are now in process of rapid development.

Many of us have marked the progress of Your Royal Highness from the cradle till now with profound admiration of the sound christian training and enlightened teaching which, under the wise direction of your late estimable father, Your Royal Highness has received, affording to us and to all classes of Her Majesty's subjects everywhere an assurance that when it please the Divine parent of all good to call hence our present Gracious Sovereign (which event we devoutly pray may be removed far from us) Your Royal Highness will ascend the throne of your illustrious ancestors well qualified by virtuous example and carefully inculcated precept, worthily and successfully, by the blessing of God, to guide the destinies of a great and free people.

In conclusion we again tender Your Royal Highness, on our own behalf and that of our fellow Colonists, our most hearty and unfeigned congratulations upon the important and joyous event of the twenty-first anniversary of the illustrious birth of our future King.

(Signed) H. HOLBROOK, Chairman.

New Westminster, B. C., Nov. 10th, 1862.

Appropriate and interesting speeches were then made by Mr. Holbrook, Col. Moody, R. E. Rev. J. Sheehans and Mr. Clarkson. The Colonel then stepped into the Hall, where were assembled the children from the R. E. Camp and those of the city, with a good sprinkling of Ladies, and addressed first the young folks, urging the duty to pray for not only our Beloved Queen and the Royal Family generally, but especially for that illustrious Prince whose majority they were celebrating, and who in the ordinary course of events was destined to be our King, and then appealed to mothers, pointing them to the Queen mother as a pattern, and telling an interesting anecdote of the Royal children as illustrative of the effects of the excellent training they receive. The refreshments, provided by the Committee, were next served to the juveniles, and afterwards extended to the Ladies. Fruits were also generally distributed amongst the people outside. At this stage of the proceedings the Colonel and his staff mounted and rode off amidst cheers and plaudits from the multitude. Next in order came the "Athletic Games," which were successfully conducted, to the great amusement of the people, under the able management of Mr. J. T. Scott, in whose hands the Committee had placed fifty dollars for prizes. These games occupied the remainder of the afternoon.

Next came the illumination and the dinner. No sooner had night cast her dark mantle over the city than, as if in defiance of her power, a universal blaze of light dispelled the darkness. From every window, balcony and arch, issued forth the cheering and gladdening rays. And now those decorations which looked so well during the day were displayed in all their resplendent splendor. A huge pyramidal bonfire on Lytton Square sent up its blazé which must have been observable from a great distance. Our good city truly presented an animating and joyous picture, a state of things which was kept up till a late hour. Here again our Military friends added greatly to the amusement and interest of the occasion. A number of fire-balloons were sent up, and were watched in their airy flight with absorbing interest by the young folks. Fire balls too, had been provided, and caused lively times amongst the crowd on Lytton Square.

THE DINNER. Was a great success, notwithstanding the fears to the contrary, growing out of the shortness of the time, and the difficulty experienced by the Committee in procuring a room of sufficient dimensions. The large Hyack Engine room was tastefully decorated, and sixty gentlemen sat down to a good dinner as could be desired—a dinner which reflected great credit upon Mr. Edmunds, by whom it was provided. The Chair was occupied by Mr. Holbrook, supported on the right by the Chief Justice, and on the left by Captain Cooper, Harbor-master. The Vice chairs were filled by Mr. J. A. R. Homer and Mr. W. E. Cornack, but the former being obliged to leave before the removal of the cloth, his place was filled by Mr. Robson. After ample justice was done to the viands, the following toasts were given and duly responded to:

- Chairman, THE QUEEN.
- ALBERT EDWARD, Prince of Wales.
- PRINCE ALFRED, and the rest of the Royal Family.
- HIS EXCELLENCY THE GOVERNOR.
- THE ARMY AND NAVY.
- Col. Moody, and the Officers of the Royal Engineers.
- THE CLERGY of all denominations.
- THE JUDGE of the Supreme Court of British Columbia.
- OFFICIALS of the Civil Service.
- MUNICIPAL COUNCIL.
- FIRE DEPARTMENT and Members of the Hyack Engine Co.
- TRADE AND COMMERCE of British Columbia.
- MINING INTERESTS of British Columbia.
- PRESS.
- THE PIONEERS of British Columbia.
- THE LADIES.
- HON. MALCOLM CAMERON, OUR DELEGATE.

After which several volunteer toasts were given and responded to. In regard to the numerous speeches made in proposing and responding to the above toasts we can only say that amongst the usual amount of banalities there were a number of more than ordinary good speeches made on the occasion, some of which we sincerely regret our inability to publish. The dinner party broke up at a late hour.

every one pleased with *mine host*, himself, and all the world beside. We may mention here, as we omitted to do so in regular order, that on Sabbath, which was really the birthday of the Prince, and instead of which Monday was kept, special and appropriate services were conducted in all the churches in this city.

THE BALL ON TUESDAY NIGHT.

Owing to the inclemency of the weather covered caravans were provided by the Committee and employed in conveying the ladies to and from the ball. The large and beautiful north-east ward of the Royal Columbian Hospital was prepared for the occasion, the Steward's room and the Surgery being set apart as dressing rooms for the ladies and gentlemen respectively. Although during the entire day and night a drizzly sleet and snow continued to fall the attendance was large, numbering 35 ladies and 55 gentlemen, which, considering our population, the paucity of ladies, and the unfavorable circumstances, quite exceeded the expectations entertained by the Committee. Colonel Moody and lady honored the occasion with their presence; and, if one may judge from appearances and the lateness of the hour, at which the party broke up, all enjoyed in a high degree the social reunion in honor of the illustrious Prince.

It is but right to add that the Managing Committee—theo' we say it that should not—deserve credit for the success of the two days celebration; for, to their persevering energy under untoward circumstances, is, in a very great measure, to be attributed that success.

And now that the celebration of the twenty-first anniversary of the birth of the Heir Apparent to the British throne is over, we may be pardoned for saying that in this place it was conducted in a manner and upon a scale every way worthy such an auspicious occasion, and creditable to the capital of a great but young Colony. Although minus a head—our Governor resides in another Colony, and the whole affair was consequently thrown upon the people—everything was harmony and success; and the spontaneous expression of loyalty and devotion to our beloved Queen and her Government was all the more real and worthy of notice. There was just one feature calculated to produce feelings of regret and call forth expression of disapprobation. We refer to the conspicuous absence, from first to last, of the major portion of the Government Officials. These men, whose special duty it is on such national occasions to lead and stimulate the people, thought proper to stand aloof altogether, either because they deemed themselves too good to come in contact with those by whom they live, and whose business they are paid for doing, or else their loyalty was not sufficient for the occasion. Whichever was the real cause their conduct is alike discreditable and to be regretted.

FULL AND RUNNING OVER.—There are now 30 prisoners in Jail. Night before last there were 31, one of whom had to be chained to a log in the shed over night, there being no room inside. Two Indian prisoners from the Coast, who were taken to Victoria in the "Devastation," are expected up by next steamer, and what the Warden will do with them we are at a loss to understand. Surely the extension of the Jail, which we understood was commenced some time ago, ought to be prosecuted with vigor.

THANKS TO MR. W. F. HERR, of the News Depot, Victoria, V. I., for a supply of California and Eastern papers.

THE DOCTOR FOR ALL!

HOLLOWAY'S PILLS.

CHEST COMPLAINTS.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of catarrh, bronchitis, and influenza, may be radically removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any overgrown veins, moderate the hurried breathing, and enable the lungs to do their office with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and fortify the system against consumption, asthma, and similar complaints.

STOMACH, LIVER, KIDNEYS AND BOWELS.

From various causes these organs are frequently getting out of order, and require some suitable medicine to regulate them. Holloway's Pills effect this object with wonderful celerity and certainty. They do not distress the system, or weaken the frame; they thoroughly invigorate the digestive organs. They gently excite the stomach and liver, stimulate the kidneys to perform their functions efficiently, and act upon the bowels without griping or any other annoyance; again, taken an hour before dinner, they cannot be equalled as a "Dinner Pill," as they entirely prevent acidity, flatulency, nausea, and biliousness.

WINDY OR WATERY DROPS.

Whoever is afflicted with these complaints, should at once have recourse to Holloway's Pills. They act most energetically on the glandular and absorbent system, purify the blood, and impart a vigor which age or other causes may have temporarily taken away. They excite the kidneys to increased activity, and thereby stimulate the absorbents to remove the fluid already collected.

DISORDERS PECULIAR TO WOMEN.

There is no medicine equal to Holloway's Pills for correcting the ailments incidental to females. They may be taken with safety for any irregularity of the system. As they remove all cause of maladies, and so restore, by their grand purifying properties, females of all ages to robust health.

INFLUENZA, DIPHTHERIA AND SORE THROAT.

How all-important it is to check the first departure from health! All may do so by taking Holloway's Pills, without risk or restriction. In all diseases affecting the blood, nerves, and muscles, or in cases of fever, sore throat, colds, coughs, asthma, and shortness of breath, the earlier they are taken the better.

CHILDREN'S COMPLAINTS.

Diseases incidental to children, such as feverish attacks, scarlet fever, measles, and all diseases of the skin, may be immediately checked, and soon cured, by these purifying Pills, which may be reduced to what order, and given in doses of one, two, or three nightly, according to the age of the sufferer. Holloway's Ointment is soothing, cooling, and healing, and is better adapted than any other remedy for all external ailments.

INDIGESTION, BILE AND SICK HEADACHES.

No organ in the human body is so liable to disorder as the liver, and none is more apt, when neglected, to become seriously diseased. When nausea, flatulency or acidity on the stomach, warns us that digestion is not proceeding properly, Holloway's Pills regulate every function, give strength to every organ, speedily remove all cause of indigestion, bile and sick headaches, and effect a permanent cure.

LUMBAGO, RHEUMATISM AND GOUT.

In these diseases the blood is always in a highly inflammatory state; the stomach is also disordered, and the liver and kidneys unnaturally torpid. A few doses of these Pills, taken in time, will rectify all these symptoms by their cooling and purifying properties.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities	Retention of Urine
Bilious Complaints	Fever of all kinds	Stricture of King's Evil
Blotches on the Face	Head-ache	Sore Throat
Bowels Complaints	Indigestion	Stomachic Gravel
Colic	Inflammation	Tic Douloureux
Constipation of the Bowels	Lumbago	Tumors
Consumption	Piles	Veneral Affections
Debility	Rheumatism	Weakness, from whatever cause, &c., &c.

**EASE AND HEALTH TO THE SICK
HOLLOWAY'S OINTMENT.**

DISEASES OF THE SKIN.
Universal approbation has been awarded to this famous Ointment for its efficiency in removing diseases of the skin. For scrofula, scurvy, scald heads, and all eruptions of the skin, both in infancy and mature years, no remedy can be applied which so quickly cures as Holloway's Ointment. In the nursery it should always be at hand to ease the many skin affections to which the majority of children are liable. In all best and tooth rashe, the Ointment is wonderfully cooling and curative. To soldiers, sailors, miners, and travellers in foreign lands, it is invaluable.

SORES, WOUNDS, BAD BREASTS, BAD LEGS.
In this class of malady, an improvement in the appearance of the disease of the patient, follows the first dressing with the Ointment.
It must not only be smeared on the wound, or sore, but be briskly rubbed for some inches round about the diseased swollen or painful parts. It will penetrate to the blood vessels, nerves, and muscles, and even to the bone, and will exert the most wholesome, healing, and purifying power over every tissue requisite for thorough reparation. The effect of the Ointment is increased by fomenting with warm water before the Ointment is rubbed in; but sores, when healing, should never be cleansed with sponge or anything else, as the young and new flesh which appears like a cream, would be washed away.

BLOOD TO THE HEAD, APOPLEXY.
Nothing gives so much ease in these complaints from which so many suffer, as Holloway's cooling and healing Ointment. When rubbed upon the spine it acts most energetically in drawing surplus blood from the brain: even to children in teething; this Ointment has a miraculous effect in preventing fits and convulsions, so often attendant on tooth-cutting. The Pills should be used according to the directions.

URICACIUM, GOUT, STIFF JOINTS.
Every one suffering from these painful affections should use this purifying Ointment, as it has rescued thousands from a life of torture, after every other means had been tried in vain. The Ointment should be well rubbed into the skin at least twice a day, after the parts have been properly fomented with warm salt water, and the inflammation soon subsides, and the patient no longer helpless, resumes his accustomed occupation.

GLANDULAR SWELLINGS, BRONCHITIS, MUMPS, SORE THROAT, AND DIPHTHERIA.
To combat these diseases with success, a remedy is required which will have the whole absorbent system under its control. Such a remedy is Holloway's Ointment, when rubbed on the skin: it penetrates to the glands, and removes any obstruction or impurity which may be interfering with their healthy action. The Ointment acts on the very mainspring of life, for through the glands pass all new matter required for the body's reparation; in all the above class of cases, the Ointment and Pills used conjointly will act so searching, and certainly, as to effect cures in the most deplorable cases.

FISTULAS AND PILES.
All inflammation and ulcerations of sensitive parts may be presently relieved, and ultimately cured, by the diligent use of this cooling and healing Ointment, aided twice daily by bathing the parts in cold water. Immediate ease springs from this treatment; perseverance is necessary to effect a permanent cure.

ASTHMA, SHORTNESS OF BREATH.
In these complaints the Ointment should be well rubbed twice daily upon the chest, and between the shoulders: it will penetrate to the lungs, stimulate them to renewed exertions, prevent stagnation of blood, moderate the pulsations of the heart, regulate the current of air through the bronchial tubes, and thus effect a permanent cure.

Both the Ointment and Pills should be used in the following cases:
Bad Legs, Chapped Hands, Scalds, B & D Breasts, Contracted and Sore Nipples, Burns, Stiff Joints, Sore-throats, Bunions, Elephantiasis, Skin-diseases, Bite of Mosquitoes, Fistulas, Scurvy, and Sand-Flies, Gout, the lungs, tumors, Gonorrhea, Glanular Swellings, Sore-heads, Chieftain's foot, Ulcers, Corns (soft), Lumbago, Wounds, Cancers, Piles, Yaws, Chilblains, Rheumatism.

Sold at the establishment of PROFESSOR HOLLOWAY 244, Strand, (near Temple Bar) London; and by all respectable Druggists and Dealers in Medicine throughout the civilized world, at the following prices:—1s. 12d., 2s. 6d., 4s. 6d., 11s., 22s., and 35s., each Pot.
* There is a considerable saving by taking the larger sizes.
K. B.—Directions for the guidance of patients in every disorder are affixed to each Pot.

SAFES! SAFES!
F. TILMAN,
90 Battery-street,
SAN FRANCISCO.

SOLE AGENT for Tilman & McFarland's celebrated Fire-proof and Burglar Safes. This safe is well known in the market for its unsurpassed fire-proof quality, having withstood in California, as well as in the East, the hottest fires known. We can refer to endless certificates from parties in our mining towns, where these safes have been subjected to the most severe tests of its fire-proof quality. The safe is secured by our Combination Lock. This lock is in every respect the most secure one in use; it requires the key and combination to open the safe. If the key should be abstracted from the owner, it would be perfectly useless to the possessor without his knowledge of the combination, or mental key, which the owner carries in his head.
To those in want of a reliable safe we offer the above cheaper than any other in the market.
A large assortment on hand and to arrive.
